

## I. AND R. DEFEATED SECOND TIME; GOOD ROADS BILL PASSED BY HOUSE

### I. AND R. RESOLUTION RECEIVED 95 AFFIRMATIVE VOTES, SEVEN SHORT OF TWO THIRDS NEEDED FOR PASSAGE

Representative Hull's Substitute is Tabled 81 to 54 in Face of Declaration That Republicans Would Vote for Resolution if Substitute Was Adopted—Good Roads Bill Passes House After Bitter Fight By Vote of 111 to 33.

SPRINGFIELD, JUNE 5.—The initiative and referendum resolution was defeated in the house tonight a second time and apparently is dead for this session. In an amended form the resolution which previously had passed the senate and which was defeated in the house on May 13, last, was placed upon its passage in the house tonight. It received 95 affirmative votes, seven short of the two-thirds needed for passage and 38 were recorded against it.

Representative Hull offered the change in the original resolution in the form of a substitute, which required a majority of those voting at the elections instead of upon the proposition and carried a provision for a canvassing board to determine the sufficiency of initiative and referendum petitions.

**Substitute is Tabled.**

The substitute was tabled 81 to 54 in the face of Representative Hull's declaration that Republicans almost to a man, would vote for the resolution if his substitute was adopted.

"And you can't get their votes," warned Representative Hull, unless you accept this substitute and if you refuse I am afraid it will mean the defeat of the initiative and referendum resolution."

Two amendments offered by Representative Butts of Peoria were adopted by rising vote. One of these, the 32-1-3 per cent of the total vote cast had been offered by Representative Pervier, when the resolution was under consideration on May 13th and voted down. It was adopted today by a vote of 73 to 25. The other named the governor and two judges of the circuit court to be selected by the chief justice of the supreme court as a board to pass upon the petitions. At the previous time the resolution was under consideration a similar amendment was offered by Representative Shaver and voted down. It was adopted today by a vote of 74 to 21. These were the only changes made in the resolution before it was placed upon its passage a second time.

Representative Burns' amendment eliminating the clause requiring at least 50 per cent of all signatures to be required outside of Cook county was tabled on motion of Representative Karch on a rising vote 6 to 50.

Prior to the roll call on the passage of the resolution the floor of the house was cleared of all who were not members.

It is not probable that any further effort will be made in this session to pass the initiative and referendum resolution. It is likely, however, that the subject will be included in a call which Governor Dunne may make for a special session.

### Good Roads Bill Passed.

The good roads bill passed as a committee bill by the house good roads committee passed the house today by an overwhelming vote following the most bitter personal fight between members that has been witnessed in the house this session. Representative Homer J. Tice of Menard county who was chairman of the committee appointed two years ago to inquire into the subject of good roads led the fight for the bill. Representative Shurtliff and Lee O'Neill Browne opposed him.

### Reported As Committee Bill.

The good roads bill, providing a state highway commission to be appointed by the governor and planning a scheme of state aid for the building of good roads by counties, was framed by the house good roads committee, using as a basis the work of the commission appointed two years ago to investigate the subject, and was reported to the house as a committee bill.

Representatives Shurtliff, Browne and Richardson led the fight against the bill. Representatives Tice and Kane defended the measure.

Representative Shurtliff declared the bill is wrong in principle and based upon a wrong foundation. He asserted that in effect it would bring on double taxation for the building of hard roads.

**Too Much Power in One Man.**

Representative Browne argued against the appointment of a state highway commission by the governor as provided in the bill. "I don't believe in giving any one man unlimited power. I don't believe in the appointment of any commission to handle the power this bill gives, even if they were disciples of Christ and here on earth. Its the governor's commission and the members will do his bidding, so its the one man power after all."

Continuing Browne said he had been urged to vote for the good roads bill by bankers and chamber of commerce from all parts of the state but that he had yet to receive a single request to vote for it from a laborer or a working man, owing his little home or just paying for it

who eventually must pay the bills for good roads.

"I haven't received a single request to vote for this bill," said Browne, "from a soul who doesn't enjoy or participate in the automobile luxury."

**Discuss Elgin Race Course.**

Representative Shurtliff described the Elgin race course, using it to illustrate what can be done in the way of dirt road building. He declared there wasn't a finer road than it in the whole country and "it isn't a hard road either," he said.

Replying to Representative Shurtliff, Mr. Tice asked: "You offer a race track at Elgin as a sample of the finest road on earth. What would half an inch of rain do to it?"

Shurtliff asked Representative Shepherd to answer. Mr. Shepherd replied that in his opinion a race could be held on the course within 24 or 48 hours after half an inch of rain fell upon it.

In speaking for the bill, Representative Kane described the road conditions in winter time in his home county of Saline, where he said the farmers can't travel half a mile through the gumbo without getting down and knocking it out of the wheels. Kane said there wasn't a farmer in his county who wouldn't rather pay their share of good roads under the bill's provision than get out once and push the gumbo from the wheels of their vehicles.

**Served to Increase Vote For Bill.**

The bitterness of the opposition apparently only served to increase the vote for the bill, the roll call showing a vote of 111 ayes to 33 nays.

If the good roads bill passes the senate and there does not appear to be serious opposition to it in the upper branch, approximately \$700,000 will be available for expenditures by the state on the roads the first year.

**Present Omnibus Bill.**

The senate appropriations committee today laid before the senate an omnibus bill carrying appropriations totaling \$1,427,750 for the five normal schools of the state.

Following are the amounts allowed:

Northern Normal, Dekalb, \$317,500.  
Illinois Normal, Normal, \$447,000.  
Eastern Normal, Charleston, \$187,000.  
Southern Normal, Carbondale, \$224,000.  
Western Normal, Macomb, \$254,250.

## SENATE POSTPONES ACTION ON TREATY RENEWALS

Fear That Renewal With Great Britain Might Compel Submission of Panama Canal Controversy to The Hague is Cause For Delay.

Washington, June 5.—Upon objection of Senator Chamberlain who contended that a renewal of the arbitration treaty with Great Britain might compel submission of the Panama canal tolls controversy to The Hague, the senate late today temporarily postponed action on renewals with Great Britain and Italy.

Renewals of these treaties, all of which have expired within the past few days, were favorably reported today by the foreign relations committee and the senate went into executive session to consider them. It was not believed tonight that any of the three treaties would be held up long although there may be some debate in executive session when again they are taken up.

Senator Chamberlain was the only senator to voice an objection today but Senator O'Gorman of the canal committee and other senators are known to hold that the tolls question is one of vital interest and it was therefore included in the special exceptions of the British treaty.

### LUMPKIN OF MATTOON ELECTED PRESIDENT.

Rock Island, Ill., June 5.—The annual convention of the Illinois States Elks association concluded today by the election of Dr. I. A. Lumpkin of Mattoon as president. W. H. Crum, Springfield, vice-president; James Powers, Joliet, secretary and Samuel Ryerson, Rock Island, treasurer.

The 1914 convention was voted to Peoria.

### WILL GO TO JURY TODAY.

Boston, June 5.—The dynamite conspiracy case in which President William M. Wood of the American Woolen company, Frederick E. Atteaux and Dennis J. Collins are on trial charged with "planting" explosives at Lawrence to discredit the textile strikers in 1912 will be given to the jury tomorrow. The defense completed its case today and counsel made their final arguments tonight.

## PRESIDENT PAYS VISIT TO CAPITOL

Appears Unexpectedly With Large List of Diplomatic Selections

### DISCUSS APPOINTMENTS

Consults Senators Concerning Men He Has Chosen for Diplomatic Appointments

### FEW SENATORS ARE PRESENT

WASHINGTON, JUNE 5.—President Wilson appeared unexpectedly at the president's room at the capitol late today with the biggest list of diplomatic selections he has made since he took office.

It was the president's fifth visit to the halls of congress but this time he found the door of the "marble room" locked, the senate had adjourned and the sergeant-at-arms was taken by surprise.

"I guess I'll have to get a duplicate key for this door," said the president smilingly as the sergeant-at-arms hastily dispatched a messenger for the key. Hardly any senators were in the building but Secretary Tumulty soon sent out a call for about twenty of them and they came quickly.

While the president has not definitely fixed on some of the countries to which he will make diplomatic appointments he has chosen the men who will get the posts and about these consulted with Republican as well as Democratic senators from home states.

**Discuss Many Appointments.**

The individuals about whom the president talked and some of the countries follow:

Thomas Nelson Page of Virginia to be ambassador to Italy.  
Justice J. W. Gerard of New York to be ambassador to Spain, when the bill making Madrid an embassy instead of a legation is passed, probably within a few weeks.

Col. Thomas H. Birch of New Jersey to be minister to Persia.  
Charles W. McAlpin, secretary of Princeton university to be minister to the Netherlands.

Joseph E. Willard of Virginia to be minister to Belgium.  
Major E. J. Hale of North Carolina to be minister to Costa Rica.

P. A. Stovall, of Georgia, to be minister to Switzerland.  
Former Governor Benton McMillen of Tennessee to be minister to Peru.

Dr. B. L. Jefferson of Colorado, to be minister to a South American country, probably Argentine republic.

Henry Morgenthau, of New York to be ambassador, probably to Turkey.

Albert Schmedemann of Wisconsin, to be minister to Norway.  
Frederick C. Penfield, of Pennsylvania, probably ambassador to Austria.

The president left the capitol as inconspicuously as he came. The attendants held an elevator for him but the president thanked them and declined.

## FOGEL URGES INVESTIGATION OF ORGANIZED BASEBALL

Former Owner of Philadelphia National Claims Organized Baseball Is a Trust.

Washington, June 5.—Horace Fogel, former owner of the Philadelphia National League Baseball club, came to Washington today to urge upon congress the passage of the resolution introduced some weeks ago by Representative Gallagher of Illinois, which would direct an investigation into organized baseball on the ground that it operates as a trust in violation of the Sherman law.

Mr. Fogel conferred with Congressman Gallagher and other representatives and later talked with Representative Henry, chairman of the house rules committee. Representative Henry agreed to call a meeting of the committee next week to consider the Gallagher resolution and Mr. Fogel promised to appear then.

"It can show the committee enough evidence that organized baseball to day is a trust to convince them of the necessity for an investigation such as congressman Gallagher proposes," Mr. Fogel said.

Mr. Fogel also called on Attorney General McReynolds to arrange for an appointment.

### SUFFERS PARALYSIS.

Joliet, Ill., June 5.—Deputy Warden Sims of the Illinois state penitentiary today suffered a stroke of paralysis occasioned by exposure and exertion of an all night hunt for convict F. Russell who escaped yesterday. The attack came when Sims returned to the prison after 24 hours with the posse. Russell is still at large.

### SELLS TWO YOUNGSTERS.

New York, June 5.—Manager Chance of the New York Americans to day sold Pitchers Kieffer and Clark to the Jersey City International League club. Both are young.

## STATESMEN OUT- SPELL NEWSPAPERMEN

NATIONAL PRESS CLUB HOLDS OLD FASHIONED SPELLING BEE

Representative Frank B. Willis of Ohio Wins Contest After Washington Correspondents, Members of House and Senate Had Been "Spelled Down."

WASHINGTON, JUNE 5.—An old fashioned spelling bee, conducted by the National Press club of Washington and billed as "a contest between newspapermen and statesmen" was won tonight by Representative Frank B. Willis of Ohio, after fifteen Washington correspondents, seven senators and seven members of the house, had been "spelled down."

It was an evening of merriment in which President Wilson, Secretary Bryan and a host of other official folk joined.

The ranks of the thirty spellers thinned quickly and finally only Senator Poindexter of Washington and Representative Willis remained. The senator misspelled "hydrocephalus" and Mr. Willis, a former school master himself, was awarded the championship.

Some of the words missed were "acacia, canteloupe, exsiccate, medical, laryngeal, reconnaissance, daggerreotype, follicle, eufuchsia, cedrelaceous, caoutchouc, desuétude, eplene, gneiss, calcique, inoff, quintsence, ogeo, berylline and Bdelium."

President Wilson saw and heard, for the first time, some talking moving pictures. The occasion was the annual ladies night celebration of the National Press club.

## SILK WORKERS ARE CONVICTED OF UNLAWFUL ASSEMBLAGE

Defendants Face Prison Sentences of One to Three Years, Heavy Fine, or Both—Seventeen Year Old Girl Among Prisoners.

Paterson, N. J., June 5.—Thirty-eight silk workers who as pickets gathered in front of a mill during strike disturbances on April 25 were convicted of unlawful assemblage tonight by a county court jury.

The defendants, one of them a 17-year-old girl, each face a prison sentence of from one to three years or a fine of any amount up to \$500 or maybe both imprisoned and fined. They probably will be sentenced tomorrow.

The jury deliberated less than two hours.

Many of the prisoners are members of the Industrial Workers of the World.

Hannah Silverman, the girl prisoner, was described by the prosecution as a leader. Today while attending the arraignment of a striker arrested last night, she disturbed the court and was given a twenty day sentence in jail.

## MUST WEAR UNDERGARMENTS UNDER NEW STYLE SPLIT SKIRT

Indianapolis Authorities Will Attempt to Act as Censor of Feminine Wearing Apparel.

Indianapolis, June 5.—Women in Indianapolis who wear that new style split skirt also must wear undergarments and the traffic squad of the police force has been asked to enforce the order, which was given out by Superintendent of Police Hyland today.

The order was issued after Supt. Hyland had received a letter signed "The Ladies" and which read as follows:

"As we know you are the highest authority in the city, we, as the ladies, ask that you prohibit the wearing of split skirts without undergarments. We hope that you will take this seriously."

Supt. Hyland said he felt that the matter deserved attention and asked the traffic squad to act as censor of feminine wearing apparel.

## WIN SENSATIONALLY RACE FOR LIFE IN BURNING MOTOR BOAT

Less Than Minute After Boast Struck the Pier the Gasoline Tank Exploded Starting a Fire Ashore.

New York, La., June 5.—Four men, cruising on Lake Pontchartrain today, won by a few seconds a sensational race for life when their gasoline motor boat caught fire a mile from shore. Heading the blazing craft for the nearest pier the passengers fought desperately to keep down the flames. As the boat struck the pier they leaped to safety. Less than a minute later the boat's tank exploded, starting a fire ashore which destroyed more than 600 feet of the pier and caused several thousands of dollars damage.

### FOUR OF CREW DROWNED.

Edmonton, Alberta, June 5.—Caught in the swirling waters of the Frazier river, Grand Canon, the Rocky Mountains, a scow belonging to the Grand Trunk Pacific railway contractors was split in two today and four of its crew of eight men drowned. The remaining four after a desperate struggle with the waters, reached shore.

It was reported that another quartet of rivermen had drowned several miles further up the canon when their raft was wrecked.

## INTRODUCES ANTI- TRUST AMENDMENT

Senator Hitchcock Introduces Amendment to Underwood Tariff Bill

### INCREASES EXCISE TAX

Would Levy Special Excise Tax On Tobacco, Cigars, Cigarettes and Snuff

### FOR DISSOLUTION OF TRUST

WASHINGTON, JUNE 5.—In accord with suggestions of Attorney General McReynolds, Senator Hitchcock of Nebraska introduced today an anti-trust amendment to the Underwood tariff bill, which would levy a special additional excise tax on tobacco, cigars, cigarettes and snuff.

The amendment coming from a Democratic member will receive thorough consideration from the finance committee.

The progressive excise tax proposed would not reach a manufacturer until he controlled about 25 per cent of the total production of the articles. Over that amount he would be taxed in a rising scale on tobacco one cent a pound for the first million pounds per quarter; two cents a pound for the second million pounds and so on up to six cents a pound. These graduated taxes would be in addition to the regular eight cents a pound tax that all manufacturers pay on tobacco.

### Does Not Affect Small Concerns.

Companies of ordinary size would not be subject to this tax because it does not apply to a production below eighty million pounds of tobacco or four million pounds of snuff a year, so that of the 2,700 tobacco companies in the country probably only three would be affected. In the matter of cigarettes the tax would only fall on two and at most three companies out of 478 and of the 2,000 cigar companies only two have a product large enough to be taxed.

Seventy million dollars was the amount of the total excise last year on tobacco products and Senator Hitchcock has estimated the proposed tax would yield an increase of \$15,000,000 a year, so "large that it would soon cause a real dissolution of the tobacco trust. If it did not it would yield a handsome revenue to the treasury and so handicap the trust that it could not carry out its program of crushing in independent companies."

"The power to tax to the point of destruction is unquestioned," said Mr. Hitchcock.

Senator Borah introduced an amendment to the tariff bill which would bar from entry all goods manufactured wholly or in part by children under fourteen years of age, or by children under sixteen years of age who are required to work more than eight hours a day or more than 48 hours a week. It also would bar all imports made wholly or in part by convict labor.

### Have Not Been Dissolved.

Neither the Standard Oil nor the tobacco trust—the two greatest examples of the operation of the Sherman anti-trust law—has been actually dissolved according to Attorney General McReynolds.

This became known today, serving as an index to the Democratic administration's trust policy. It was taken as a forecast of possible further action against the oil and tobacco interests. The attorney general is firmly convinced that no trust, as in the two cases, can be adequately dissolved by a pro-rata distribution of the stock of it, disintegrated parts among the same stockholders who controlled the original combination. A community of interest is bound to exist, he believes, and competition cannot follow such dissolutions.

The position of the attorney general is regarded as pregnant with far-reaching possibilities of the trust dissolutions of the future. Officials point out that dissolutions of the future must be such that control of disintegrated trusts will pass to new hands.

It has been known that Mr. McReynolds looked upon the tobacco dissolution as an "obvious subterfuge" but it did not develop until today that he placed the Standard Oil dissolution in the same category.

### Would Include Textile Strike.

A movement to include in the senate investigation of the West Virginia coal fields' situation an inquiry into conditions among the striking textile workers in Paterson, N. J., appeared here today. A petition addressed to President Wilson and congress asking for an investigation of conditions, in Paterson was brought to Washington by Frederick G. Howe, director of the People's Institute of New York. It was signed by John A. Fitch, Gaylord S. White, Amos Pinchot, J. Howard Melish and a score of other prominent sociological workers.

Senator Martine of New Jersey, on the members of the subcommittee charged with the West Virginia inquiry declared he believed the

## WHAT IT COSTS GIRLS TO LIVE IN ST. LOUIS

STATISTICS PREPARED BY WELFARE SECRETARY OF ST. LOUIS STORE

Actual Cost of Living For Each Girl, Where Three Live Together In a Flat is Reported \$19.88 a Month—Nugent Pays Girls Not Less Than \$8 Per Week.

ST. LOUIS, MO., JUNE 5.—Statistics showing what it cost girls employed in the department stores to live as prepared by the welfare secretary of a St. Louis store, were given to the Missouri senate wage investigation committee to day by P. C. Baker, president of a drygoods company employing many young girls.

Three of the girls employed in the store, he said, live together, renting a three room flat for seventeen dollars a month.

Other items from their account book he said were as follows:

Gas	.....	\$2.00
Coal	.....	2.00
Meat	.....	.60
Flour and bread	.....	5.00
Sugar	.....	1.00
Butter	.....	1.40
Eggs	.....	1.50
Canned goods	.....	2.00
Fruits	.....	2.00
Rice, meal, etc.	.....	.20
Coffee	.....	1.00
Tea	.....	1.00
Laundry supplies	.....	.50
Car fare, clothing and lunches	.....	brought the actual cost of living for each girl to \$19.88 a month.

The hearing to day was enlivened by a running debate between Lieut. Gov. Paynter, a member of the committee and Mrs. Raymond Robins the Chicago settlement worker, as to the place of women in the modern scheme of things.

### Destroying Home Ties.

The lieutenant governor said that the attitude of the women in the Women's Trades Union League of which Mrs. Robins is president in urging girls to concentrate in the city was destroying home ties and subjecting the women to industrial slavery. Mrs. Robins agreed that women in industry were slaves, but insisted that every woman is entitled to work.

"This brought forth the following question from the lieutenant governor:

"Will not her employment result in such a decrease in children that the country eventually will become depopulated?" asked the lieutenant governor.

"Oh, no," Mrs. Robins replied. "There are 25,000 children in my ward in Chicago."

But are they not the children of foreign born people and don't you find in every city among the American born people that there are fewer from year to year?"

### Favors National Wage Law.

Melville L. Wilkinson, president of a department store, said he would favor a national wage law, but doubted the wisdom of a state law. Sales girls in his store, he said, have made an average this year of \$10.75 a week. The store he said gives vacations with pay, employs welfare workers to visit the homes of the girls and consult with their ministers or priest and to throw every protection possible about them. He said if a minimum wage were established it should be \$8 a week, but he doubted the wisdom of the idea because the many girls would be satisfied with the minimum wage and would not increase their efficiency.

T. A. Cozzens, a store manager, said that girls who did not live at home were the best sales girls for they realized that they have to make their own way.

D. B. Nugent Jr., testified that his store is not employing sales girls who make less than \$8 a week but that seven or eight were discharged when wages were raised, because, though worth \$6 a week they were not worth \$8.

### OHIO'S WHEAT CROP 97 PER CENT OF NORMAL.

Columbus, O., June 5.—According to a report issued by the state agriculture department late today, Ohio's wheat crop is 97 per cent normal, compared with 44 per cent this time last year. The department estimates that not more than 1 per cent of the acreage which was sown last fall will be unproductive as a result of the March floods.

## TO INVESTIGATE ALL ORGANIZED EFFORTS

Testimony Shows Organized Work is Being Done By Commercial Interests

### SECURE MANY WITNESS

"Lobby" Investigating Committee Will Subpoena All Persons Mentioned By Senators

### SENATE LIST FINISHED TODAY

WASHINGTON, JUNE 5.—The senate "lobby" investigating committee decided tonight to extend its inquiry into a sweeping investigation of all organized efforts that have been made to influence action upon legislation of any kind now pending before congress or under consideration in the recent past. This action was determined upon at the end of the afternoon session, after several senators had added to the testimony already given tending to show that organized and vigorous work is being done by commercial interests upon the sugar, wool and other tariff issues.

The committee decided to subpoena practically all persons thus far mentioned by senators as among their "tariff callers" and to learn the exact nature of all organized work being directed toward influencing any member of congress upon any subject. The effort of the committee will be centered first upon the sugar fight, next upon wool and after that a full investigation will be made into the activities of prohibition and "liquor lobbies," the Alaskan railway forces, labor unions, farmers' protective organization and practically all other organized bodies that have carried on publicity campaigns, "endless chain" letter writing or other means of influencing members of the senate or house.

Senator Overman, chairman of the committee, stated today that the investigation had already established the fact that powerful influence was wielded on senators by the organized forces conducting campaigns to mould or influence public opinion. This, he said, constituted a new style lobby of tremendous power. Senator Reed, a member of the committee, sent word to President Wilson that he believed the testimony of Senator Randall and other witnesses fully established the truth of the president's recent statement upon which the resolution for the investigation was based, that a powerful lobby existed in Washington, at least upon the sugar tariff issue.

**Will Examine Many Witnesses.**

The decision of the committee tonight has so broadened the scope of its work that members do not know when the inquiry can be concluded. Thus far only senators have been examined, and the senate list will be finished tomorrow.

The senate-at-arms of the senate was directed tonight to issue many additional subpoenas for persons wanted as witnesses.

The next phase of the situation will be taken up Monday with the calling of the first men identified with the free sugar and anti-free sugar campaign. Names given by President Wilson, others furnished by the members of the senate on the witness stand and still others that have been sent to Senator Overman by outside parties constitute the list of those who have been or will be subpoenaed.

They have almost unanimously testified that no improper methods have been used to influence them and that the men who have called upon them are not "lobbyists," in the sense that the term is generally used. The committee found it impossible tonight, however, to define a lobbyist or to fix a limit to its investigation. It was determined therefore to investigate everything that shows any sign of having been an organized or pre-arranged plan to influence any congressional action.

**Produce Literature.**

Sensors Smoot, Mark Smith, Shaff roth and Williams testified during the afternoon session. They produced new bundles of literature sent out by various organizations and individuals. The investigation committee finally decided that it would have to pass on this literature and determine whether or not it was "misleading" or would have "pernicious effect."

Members of the committee agreed that even the raising of the money for publicity campaigns might be legitimate, the issuing of false statements or misleading public documents would be an "insidious attempt" to influence the public and members of congress.

### Congressmen Shadowed.

That detectives have in some cases been used to shadow members of congress in the interest of securing certain legislative action is a point that Senator Cummins will endeavor to establish. He asked Senator Smoot to day whether the latter knew of any such activity. Senator Smoot said he had "heard" but could give the committee no information. Senator Cummins declined to state what further wit-

### PLEA FOR HABEAS CORPUS HEARING IN CIRCUIT COURT

James A. Harkrader of Decatur Claims That He Is Being Unlawfully Held at Jacksonville State Hospital.

James A. Harkrader, a resident of Decatur, through his attorneys, Bellatti, Barnes & Bellatti, has filed a plea for a habeas corpus hearing before Judge Owen P. Thompson which will probably come up today or Saturday. Harkrader maintains that he has been "unjustly imprisoned and restrained of his liberty by H. B. Carriel, superintendent of the Jacksonville State hospital, by a certain order of commitment, issued from the county court of Macon county. The petitioner further shows "that his said imprisonment and restraint are unlawful for the reason that he is not an insane person, but on the contrary thereof is of sound mind and possessed of all his mental faculties, wherefore the petitioner prays a writ of habeas corpus in his behalf to be directed against the said H. B. Carriel and returnable forthwith according to the form of the statute in such cases made and provided." The writ has been issued by Judge Thompson. It is said that Mr. Harkrader is a man of considerable property.

**JAMES E. MUNROE'S FUNERAL.**  
The funeral of James E. Munroe was held Thursday from his late residence 3322 South Michigan avenue in Chicago. The Chicago Inter Ocean in referring to Mr. Munroe's career said: "Mr. Munroe practiced law for forty years. He was employed by the city as special counsel in the suit brought against it many years ago by Weir, McKeehey & Co. for damages growing out of the construction of the northwest water tunnel."

"After both the Appellate and the Superior courts had affirmed a judgment against the city for \$500,000, Mr. Munroe wrote the petition for a rehearing of the case, which was granted and the city finally defeated the claims of the firm."

"At the time of his death he was counsel for the Capitol Freehold and investment company, an English concern which received a grant of 3,000,000 acres of land in Texas in exchange for a state house erected by the company."

**SERVANT WITH ST. LOUIS FAMILY 70 YEARS DIES.**

After being in the actual service of one St. Louis family and its descendants fifty-six years, and having resided fourteen years more as a pensioner, Mary Powers, 84 years old was buried Thursday in the Welsch family lot in Bellefontaine cemetery.

She was taken into the home of Mrs. Henry Welsch, as a maid, when about 14 years old. How she came to St. Louis from New Orleans an orphan, the succeeding generations either forgot or the girl never told. In later years she was very reticent, especially regarding her age.

### MRS. E. A. SAWTELLE WALKS OUT OF SECOND STORY WINDOW

Somnambulist Falls Sixteen Feet Thursday Morning About 1:30 O'clock—Badly Injured.

Mrs. E. A. Sawtelle, who resides in the Markham neighborhood, walked out a second story window at her home Thursday morning about 1:30 o'clock while asleep and was badly injured.  
Her husband was awakened at that hour by hearing someone moan and noticing that his wife was gone, looked out on the porch. As she was not there he went to a window on the other side of the house and looking out saw her lying unconscious on the ground sixteen feet below. Dr. A. M. King was called and an examination showed that he back was injured and she was painfully bruised. No bones were broken and it will probably be two or three days before it can be determined as to whether she was injured internally. Mrs. Sawtelle is a large woman and she was exceedingly fortunate that no bones were broken.

### RETURNS VERDICT IN FAVOR JOHN RHEA.

Suit Over Load of Hay Brought Many Witnesses to City.

The suit over a quantity of hay, brought by Jacob Sanson against John Rhea, both Waverly parties, ended yesterday in the circuit court when the jury gave in a verdict in favor of Rhea. The case in brief was that Sanson bought some hay of Rhea and sent the same to St. Louis where it did not sell for the grade Sanson had anticipated. Sanson claimed that Rhea did not represent the hay honestly to him. There were many witnesses from Waverly and the case has commanded the attention of the court for the past two days.  
Mrs. L. A. Fishback was granted a divorce from her husband William Fishback, and given the custody of their children and \$20 a month alimony.  
The assumpsit suit of Thomas H. Buckthorpe vs. W. C. Gunn was dismissed by the plaintiff yesterday.

### CHARLES RATACHAK SEES MAN ELECTROCUTED.

On his return Thursday from Springfield where he has been acting as the foreman of a federal grand jury, Charles Ratachak of South East street told of witnessing the death of Marshall F. Johnson, an electrician, from the passage of 2300 volts through the body. Marshall, who was working on the top of a high arch at Sixth and Washington streets, accidentally grasped a guy wire belonging to the city lighting system, permitting the full force of the current to pass through his body. He dropped face downward on top of the arch and was removed by the crew of a fire engine which was immediately called to the rescue. Mr. Marshall was 32 years of age and leaves a wife and two small children.

### That Corn is a Sure 'Goner,' Now

"GETS-IT," the New-Plan Corn Cure, Gets Any Corn Surely, Quickly.

You'll say, "It does beat all how quick 'GETS-IT' got rid of that corn. It's almost magic!" "GETS-IT" gets

"Never Could Do This Before. 'GETS-IT' Made Every Corn Vanish Like Magic."

every corn, every time, as sure as the sun rises. It takes about 2 seconds to apply it. Corn pains stop, you forget the corn, the corn shrivels up, and it's gone! Ever try anything like that? You never did. There's no more fussing with plasters that press on the corn, no more salves that take off the surrounding flesh, no more bandages. No more knives, files or razors that make corns grow, and cause danger of blood poisoning. "GETS-IT" is equally harmless to healthy or irritated flesh. It "gets" every corn, wart, callus and bunions you've got.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

Sold in Jacksonville by Armstrong's drug store and J. A. Obermeyer.

### Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

### STEVANSON READY FOR ARTIC TRIP

Intrepid Explorer Will Sail for Alaska Within a Few Days.

Victoria, B. C. June 5.—The preparations for the Canadian Arctic expedition under the command of Vilhjalmur Stefanson are practically completed and within a few days the intrepid explorer, accompanied by his wife, will sail in the regular mail steamer for Nome, Alaska, to join the other members of the expedition who are now waiting for their ship, the 247 ton steam whaler Karluk, to sail from Esquimaux, B. C., where the ship was overhauled and equipped for its Arctic voyage, to Nome, the rendezvous of the expedition.

The objects of the expedition, which sails under the British flag and the cost of which is entirely defrayed by the Canadian government, is not to find the pole, but to ascertain, if possible, the existence of a large body of land within the Arctic circle which, many scientists believe, surrounds or includes the region of the pole itself. If conditions permit, the expedition will make as thorough an exploration as possible of the unknown continent and take possession of it in the name of Canada. To do this work thoroughly, five noted scientists, each one an expert in his particular line, will accompany the expedition. The list includes J. J. O'Neill, a mining expert and geologist, who will incidentally explore the copper deposits on Victoria Island; George Malloch, an expert geologist, who will ascertain the presence of coal deposits; James Murray of Glasgow, the noted oceanographer and biologist, who had accompanied Lieut. Shackleton's Antarctic expedition, and Dr. R. M. Anderson, who will devote himself especially to the study of the blond Eskimos, discovered by Stefanson on a previous expedition.

Although two other expeditions with similar objects in view, the Amundsen expedition under the Danish flag, and the McMillan expedition under the American flag, are preparing to start for the far north to find the "unknown continent," there will be no race between the three expeditions, only friendly rivalry. As the three expeditions are taking different routes, many hundreds of miles apart, they will in no way interfere with one another and may not even come in contact with each other.

The steam whaler Karluk, which, fully equipped and prepared for its polar voyage, will sail from Esquimaux in a few days, will be under the command of Capt. Robert Bartlett, an experienced polar traveler, who was captain of Admiral Peary's ship on his last successful voyage. The Karluk will sail for Nome, Alaska, where Commander Stefanson will join the expedition. His wife, of course, not accompany the expedition, but will return to her home to await the return of her husband, to whom she was married only a year ago.

From Nome the Karluk will sail for Point Barrow, the most northerly point on the continent, where the expedition will await the arrival of the other ship, now being equipped for taking part in the voyage. It is expected that the two ships will meet at Point Barrow about August 1. The subsequent plans depend entirely upon meteorological conditions. If unseasonably warm should prevail, the expedition will be able to sail around the point without delay. But, if the wind should be from the west, it is likely that the ice would be packed so tight that the two ships would have to wait until January of next year before being able to start on their exploring tour.

If the wind and weather conditions should be favorable, the expedition will reach Herschel Island in two days' journey from Point Barrow. There the expedition will be divided. One party, under the command of Dr. R. M. Anderson, will remain on the island and establish a base of

supplies and devote itself to its task, the study of the blond Eskimos, and the geological exploration of the island. The party will have at its service the smaller of the two ships of the expedition, while Commander Stefanson in the Karluk will push northward in search of the unknown continent. It will follow along the 141st meridian, which divides Alaska from Canada. If there is really such a continent, it is expected that it will be reached within a day's sail. This, of course, depends almost entirely upon the weather conditions. If Commander Stefanson should find the continent, he will first establish a base of supplies before starting for the interior on an exploring tour. The expedition is well provisioned for several years, but expects to help out the latter by shooting musk oxen, caribou and other animals which are believed to be plentiful in those regions. Even if everything goes well, it is not expected that the expedition will return to civilization before the end of three or four years. The smaller vessel will make an annual trip to Alaska to keep up communication between the explorers and their friends.

### WOMAN DEMANDS REMOVAL OF HUGH FULLERTON.

Mrs. Allen Alleges He Wrongfully Hindered Her Attempt to Recover Children.

Post Dispatch: Mrs. Rose E. Allen had filed a petition with the Judges of the circuit court asking that Hugh Fullerton, Chief Probation Officer of the Juvenile Court be removed from office.

Judge Wilson A. Taylor has appointed Judges Kinsey and Koerner as a committee to investigate the petition and to report to the Judges in general term.

Mrs. Allen, who formerly lived in Jacksonville Illinois tried about two years to obtain possession of her children, Etta, 11 years old and Lucille, 7, who were in custody of Mr. and Mrs. William Agar on Abner's houseboat. She alleged the children through a court order in Michigan two months ago, after following them almost to the Canadian border.

In her petition for Fullerton's removal Mrs. Allen alleges that he was guilty of malfeasance in office in reporting to a St. Louis Court two years ago that she was an unfit person to have the custody of her children.

### GO ERRORS FROM MANY STATES AT SALT LAKE CITY

Questions of Importance to Whole Union Will Be Discussed at the Conference.

Salt Lake City, Utah, June 5.—Results of an important and far-reaching nature are expected to follow the western governor's conference, which assembled in this city today with an attendance of the chief executives or their delegated representatives from seventeen states west of the Mississippi.

The announced purpose of the conference is to thresh out the question of state's rights, with particular reference to the alleged infringements of those rights by the federal government in pursuit of its policy of the conservation of natural resources. The promoters of the conference believe that the policy of the federal government in seeking absolute control of timber, stone, water and other valuable natural products, the power sites and irrigation projects, is not for the best interests of the general public. The development of the west, they believe, depends upon placing the natural resources under control of the states themselves. Hence the call for an organization to oppose the national government's policy. A plan of action will be outlined and an appeal addressed to the people of the United States will be issued.

During the three days' sessions of the conference addresses will be presented as follows: "Our National Policy" as to the Use of the Public Range"—Governor S. V. Stewart of Montana. "Our National Conservation Policy"—Governor E. M. Ammons of Colorado.

"Control of Our Flood Waters"—Governor George H. Hodges of Kansas.

"The Reformation of the Interior Department"—Governor Oswald West of Oregon.

"What the Carey Act Has Done for the West"—Governor Joseph H. Carey of Wyoming.

"Federal Control of Our Mineral Resources"—Governor G. W. P. Hunt of Arizona.

"State or National Control of Our Oil and Potash Deposits"—Governor Hiram W. Johnson of California.

"How Idaho Views Federal Forest Areas"—Governor John M. Haines of Idaho.

"What Minnesota is Doing With Her Logged Off Lands"—Governor Adolph O. Eberhart of Minnesota.

"What Improved Methods of Dry Farming Have Done for Nebraska"—Governor John M. Morehead of Nebraska.

"What the Reclamation Service Has Done for Nevada"—Governor T. L. Oddie of Nevada.

"Control of Interstate Waters"—Governor William C. McDonald of New Mexico.

"Rimber Culture and the Prairie States"—Governor L. B. Hanna of North Dakota.

"Our National Policy as to the Indian Tribes"—Governor Lee C. Clegg of Oklahoma.

"The Control of Our Fuel Supply"—Governor F. M. Byrne of South Dakota.

"True Conservation and How to Accomplish It"—Governor William Spry of Utah.

"How to Open Alaska"—Governor Ernest Lister of Washington.

### LETTER FROM Y. M. C. A. CAMP AT LAKE MATANZAS.

Well here we are at last. Wow! Such a fine place and such a congenial bunch of fellows you never saw. The hustlers committee showed the railroad men a few things about trunk bustling when they unloaded the entire outfit in a few moments.

Roy Hopper was hand at the cottage to greet us and show us about the place and then we made ourselves at home.

Everything was made ship-shape in the cottage and then the bugle call for dinner was sounded. Doc Day sprung the surprise of the occasion by producing a whole roast chicken and dressing an angel food cake. Oh, yum, yum. Roy Hopper then proceeded to spill his glass of water in Sir Robinson Cork Screws lap.

Many things happened during the afternoon. A flag pole erected and "Old Glory" was hoisted but the swim was the big feature.

At four o'clock two boats and full crews left camp for the head of the lake to get the swimming raft. After some half hour search it was located among the willows and the job of towing it back was begun. It was a terrible job but when our gallant captain conceived the idea that fastening some shirts to the diving ladder would act as a sail we had the problem solved. The voyage was made without a mishap until we sailed into harbor and were about to drop the anchor when the fun began.

The captain had climbed the mast to furl the sails when the craft became top-heavy and began to lean heavily to port, the water rushing over the main deck and swamped the old ship and she went down with our beloved captain shouting orders and gurgling and sputtering as his beaming countenance went below the water surface. Quick as a flash the life-saving crew went to his rescue and brought him to safety.

In the evening the woods rang with the strains of music that wafted from the cottage. Piano, harp, violin, mandolin, alto and cornet horns and voices contributed to the music of the occasion.

At the sound of taps from Smith's bugle everybody turned in. Chicken Adams forgot to stop talking until early in the morning. Becker and Derr slept in the sand bed and the poor bed is almost telescoped. Such snoozes issued from the vicinity of Lizzie Buzzard's bed that a burglar alarm would be sounded.

### BOOTLEGGING CHARGE.

Smith Butler, charged with bootlegging, on a warrant sworn out by Chief of Police Davis, failed to give a bond of \$300 in "Squire Dyer's" court and was committed to the county jail. His trial will be June 14 at 9 a. m. Butler was charged with dispensing the drinks on South West street. Butler was also charged with larceny in the same court, waived examination and in default of giving bond in the sum of \$200 was committed to the county jail. His appearance will be at the November term of the circuit court.

### HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### HESS PUZZLE TO CUBS UNTIL NINTH

UNABLE TO OVERCOME BRAVES  
EARLY LEAD AND LOST  
8 TO 4.

Boston Hurler Holds Chicago Batsmen to One Lonely Bingle Until Final Inning When Five Hits and Four Runs Are Made in Rally.

CHICAGO, JUNE 5.—Pitcher Hess allowed only one hit up to the ninth inning today while Boston bunched hits off Cheney and Humphries and won the second game of the series 8 to 4.

Cincinnati's defeat enabled the visitors to step out of last place again.

The only man to hit Hess safely until the ninth was Leach. Hess let up in the last inning and the locals started a batting rally with pinch-hitters in which five hits, including a double and a home run and two errors gave them four runs. Score:

### PHILLIES LOSE TO PIRATES 6 TO 2

Three Free Passes and One Three Bagger Scored Three Runs in First and Gave Pittsburgh Victory.

Pittsburgh, June 5.—Rixey filled the bases in the first inning today with passes and Wilson's three bagger followed. This first inning really gave Pittsburgh the 6 to 2 victory over Philadelphia. Earl Moore supplanted Rixey in the third and pitched fairly good ball although bunched hits gave Pittsburgh a run in the third and two more in the eighth. Wilson drove in five of Pittsburgh's six runs.

Adams pitched good ball although he was a bit wild. The locals stole five bases on Killifer.

### CHRIS VON DER AHE DIES IN ST. LOUIS

FORMER OWNER OF ST. LOUIS BROWNS  
PASSES AWAY AT HIS HOME

Bought Majority Stock of Club in 1881 For \$1,800, Made \$500,000 Off the Investment, Before He Was Forced to Sell Out, But Rarely Had Enough to Keep Him During Recent Years.

St. Louis, June 5.—Chris Von der Ahe, owner of the old St. Louis champion ball team of 1885-86 and years ago one of the best known base ball magnates in the country died at his home here late today.

Von der Ahe had been seriously ill for two months. Death was caused by cirrhosis of the liver and dropsy. He was 61 years old. He was born in Germany and came to this country in 1870.

The eccentric German sprang into fame in 1881 when he bought a majority of stock in the St. Louis Baseball association for \$1,800.

In the following years he made \$500,000 off the investment. When the St. Louis club joined the old American association Von der Ahe's Browns became the famous four time pennant winners of 1885-6-7-8.

His luck lasted for eight years, has last winning club being that of 1891 which finished second in the American association. In 1892 he entered the twelve club National league but his teams invariably finished last or next to last until 1899 when Sportsman's park and club were sold to satisfy the demands of Von der Ahe's innumerable creditors.

In his prosperous days Von der Ahe spent money like water but the last few years have been lean ones for the once wealthy baseball magnate. A little saloon he maintained hardly brought in enough to keep him. Old time baseball friends contributed regularly to his living.

### BLOOMERS AND SPRINGFIELD BATTLE 13 INNINGS TO TIE

With Score 5 to 5 At End of Thirteenth, Game Is Called On Account of Darkness.

Springfield, Ill., June 5.—Springfield and Bloomington went thirteen innings to a tie today. With the score 5 to 5, Umpire Cusack called the game on account of darkness. Ludwig hit the ball over left field fence with the bases filled in the seventh, and the locals tied the score in the ninth.

### PASTOR IN COURT ON GIRL'S CHARGE.

Plainfield, N.J., June 5.—Rev. W. J. His S. MacRorie, formerly pastor of a Methodist church at Mt. Hope, was arraigned in court today for trial on an indictment recently returned against him on charges made by a young woman who was a member of his congregation. Rev. Mr. MacRorie was first arrested on November 22 of last year as a result of a complaint made by Mrs. Amelia Mason, mother of 19-year-old Gertrude Mason, a singer in the Mt. Hope church. The pastor admitted at the time that he had taken the young woman on numerous automobile rides, but blamed his arrest to the influence of liquor dealers against whom he had been active.

The grand jury at that time failed to indict the accused minister, but charges by two other ministers became a matter for consideration at the Newark conference of the Methodist Episcopal church in Newark last March by a special committee. Mr. MacRorie had resigned his pastorate in the meantime. The conference committee that probed the case reported to the conference that the charges were not sustained. Notwithstanding the finding of the committee the grand jury again took the matter up, with the result that the former minister was indicted and must stand trial on the serious charges made by the young woman in the case.

### WILL PREACH IN SPRINGFIELD

Dr. A. A. Morey will fill the pulpit of the First Presbyterian church of Springfield Sunday. This church has extended a call to Dr. McLeod, who is now pastor of the First Presbyterian church at Washington, where Hon. W. J. Bryan worships. Dr. McLeod is one of the brilliant men of the Presbyterian church. It will be remembered that a call was once extended to him to the presidency of Illinois college.

### BANQUET FOR AMBASSADOR.

London, June 5.—Elaborate preparations have been completed for the banquet to be given tomorrow night by the Pilgrims of Great Britain in honor of Walter Hines Page, the new American ambassador. The dinner will take place at the Savoy hotel.

### WHITE HOSE DEFEAT RED SOX BY 5-0 SCORE

SCOTT HOLDS BOSTON TO FOUR  
SCATTERED HITS.

Hooper and Ball Only Red Legs to Hit Safely—Chicago Hit Leonard Opportunely—Boston Mistakes Prove Costly.

BOSTON, JUNE 5.—Scott held Boston to four singles to day all of which were made by Hooper and Ball and Chicago shut the locals out 5 to 0.

The visitors hit Leonard opportunely and did some good base running. Errors by Boston were costly.

Wagner was out of the game because of a split finger.

## Coming of The Sunbeam

How to Avoid Those Pains and Distress  
Which so Many Mothers Have Suffered.

It is a pity more women do not know of Mother's Friend. Here is a remedy that acts on the muscles, enables them to expand without any strain upon the ligaments and enables women to go through maternity without pain, nausea, morning sickness and all the distressing symptoms so familiar to many mothers.

There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful, penetrating remedy to banish all those dreaded experiences.

It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then meet some prospective mother to whom a word in time about Mother's Friend will come as a wonderful blessing. This famous remedy is sold by all druggists, and is only \$1.00 a bottle. It is for external use only, and is really worth its weight in gold. Write today to the Bradford Regulator Co., 127 Lamar Bldg., Atlanta, Ga., for a most valuable book.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

### ALFALFA FOR THE DAIRY.

Good Basis For Dairy Ration—Cuts Cost of Milk Production in Half—If Simple Condition are Complied With, Can Be Grown Anywhere.

"No other food forms so good a basis for the ration of a dairy cow as alfalfa," says Joseph E. Wing, the reason being its extreme richness in protein, and its easy digestibility, and the additional reason that cows like it and eat it greedily.

The alfalfa-growing dairymen have a great advantage over the forager who does not grow this forage for the reason that a ton of nicely cured alfalfa hay is worth as much as food for the dairy cow, pound for pound, as the best wheat bran, so it must be clear to the dairymen who must pay \$22 per ton for wheat bran that a field of alfalfa yielding no more than three or four tons per acre is a valuable investment. It is well for the dairymen, wherever he is situated to consider how he can make his own soil produce alfalfa, as it has been found that the cost of milk production can be cut square in two by the use of home-grown alfalfa.

W. D. Hoard, Ex-Governor of Wisconsin, has found that with alfalfa in the dairy ration, it is necessary to use only half the amount of grain that must be fed when other forage is provided; that with alfalfa and corn silage very little grain is needed to keep the dairy cow in the most profitable producing condition.

Essential Conditions.

There was a time, only a few years ago when the dairymen was justified in being skeptical about the production of alfalfa east of the Mississippi river, but now, it has been conclusively demonstrated that it can be grown on any farm in the United States if given the few simple but essential conditions; these are drainage, limestone, inoculation and phosphate.

It is so easy and inexpensive to secure thorough inoculation that no one can afford to neglect this essential feature.

A good method. Take 1 quart of soil containing the active nitrogen gathering bacteria. (This may be found beneath healthy sweet clover or alfalfa plants). 2. Dry this soil in the shade, then make it into a fine dust by grinding it between a brick and a smooth board. 3. Take one pound of ordinary furniture glue and dissolve it in 3 gallons of water. Wet the alfalfa seed with the solution, then add the dust, mix well so that every seed is covered with the dust—dry and the seed is ready for sowing. The entire process must be accomplished in the shade as bright sunlight is fatal to bacteria. Even those who know their land is inoculated cannot afford to neglect this, because it puts bacteria on every seed where it will be ready to assist the young plant the moment it starts. H. A. McKee, Secretary, Illinois Farmers' Institute, Springfield, Illinois.

# How to Make CALUMET Biscuit

To see how delightful baking can be, get a can of Calumet Baking Powder—and try this delicious recipe:

Calumet Biscuit.  
1 heaping teaspoonful Calumet Baking Powder,  
1 level teaspoon of salt,  
2 rounded tablespoons butter or lard,  
3/4 cup of milk,  
3/4 cup of water.

Sift flour once, then measure, add salt and baking powder and sift three times, rub shortening in with fork or spoon, add milk and water, turn out on a well floured board and roll one inch thick, cut and bake in a quick oven about twelve to fifteen minutes.

And then when they come piping hot from the oven, light and fluffy and wholesome—butter and taste.

That's the Calumet test—always. Everything baked with Calumet must be as good—or a little better—than bakings made with other brands.

Calumet is moderate in price—economical in use. Your grocer knows—ask him.

## MISSIONARY PASTOR'S LIFE IN CHINA IS DESCRIBED

S. W. Nichols Writes Letter of Special Interest to Members of the Congregational Church—Rev. Mr. Christian Is Doing Splendid Work.

Dear Journal: This letter from Mr. Nichols pleased a large gathering at prayer meeting Wednesday evening. Knowing that it will please a large circle of his friends if spread upon your paper I hand it over to you for publication.

R. O. Post.

Foochow, May 2.

Dear Pastor and Members of the Dear Church at Home:

Here I am at Foochow and though I have been here but two days, it seems to me much more like two weeks or even more, so much have we seen and taken in. Certainly I can say our missionary pastor is a noble man and his good wife a splendid woman, and together they make a team that causes things to prove when once they undertake the work. I have learned to love and respect them to no small degree and am anticipating great pleasure from the stay here.

The prominent features of work here you already know and so I will try to give you a few glimpses of the surroundings of our friends, their every day life and the little matters that appeal to us all. Mr. Christian's pedigree is already pretty well known to most of us, so I will mention it but briefly. Both he and his wife are of German origin, she wholly and he on his father's side, and singularly, the fathers were both born in Wurtemberg, Germany. Mr. Christian was born in Albany, New York, and when he was but 12 years old his father died. The father was a German Methodist and the son was reared in that faith, but finally he united with the Methodist church. The father had been associated with a brother in soap manufacturing and it was the wish of the elder people that the sons should continue the business, but when 19 years of age Leonard enlisted in the First New York regiment of volunteers, who were tendered to the national government and assigned to service in the regular army, in which they remained ten months. They were first encamped in the state, but later were sent to Honolulu, where they became subject to typhoid fever, which proved subject to typhoid fever, which proved alarming extent that they were sent back to the states and declared unfit for duty.

Mr. Christian then entered the service of the regular army in the Red Cross department, where he served three years, seeing service in the Philippines and China during the troublous times that country went through during the Boxer rebellion. While in that service he saw the great possibilities of missionary work and the crying need of workers and his mind was made up to undertake it as soon as he could be equipped properly. In 1903 he was mustered out of the regular army and for fourteen months was secretary of the army and navy Y. M. C. A., serving at Pekin and other places and doing great and useful work. At the end of this service he returned to America and entered the college at Oberlin, Ohio, from which institution he graduated in 1910, taking special Bible study in his course. He was commissioned in Jacksonville, July 21st the same year and August 1st sailed by way of Europe for his field of labor. He saw something of Europe enroute and landed in China October 24th, and proceeded to Ing-hok, which is on the Min river, some 40 miles above Foochow.

He had had some experience in medical work as a nurse and the station to which he went having no physician, he did what he could as a doctor, helping the sick and ailing ones, at the same time engaging in the study of the language. It was there that he met one who had preceded him a year before he arrived and he sensibly decided that he could do better work if he had a helpmeet and accordingly he sought the heart and hand of the one who had proved so attractive and his suit was not in vain. The engagement was a profound secret from his fellow workers and when it was announced it created no small sensation and congratulations were many and hearty.

Mrs. Christian, formerly Miss Agnes M. Neebold, was born in Chicago and there grew to womanhood. Her parents were German and members of the German Lutheran church and her family was of excellent standing. She had the good advantages of the public schools of the great city and after graduating from the high school she studied bookkeeping and stenography and secured an excellent position, which she held a number of years, earning enough to enable her to take a course at Wheaton college and during her years at that institution she was secretary to President Blanchard.

She was ardently interested in mission work and at her graduation tendered her services to the American Board, but they could not accept her at once, so she took a commission under the American Missionary association and taught a year in Marion, Alabama, at the end of which time, in 1909, she was accepted by the board and left for her chosen work in China. Arriving in the Fukien district she was stationed in Ing-hok, and at once began the study of the language and doing Bible reading among the people. She would go from village to village, accompanied only by a native woman, enduring all manner of hardships and privations, yet joyful in being the instrument in the hands of her Master in telling the story of His love. It was there she met the one who was to be her life companion and it was not at all strange that two persons of about the same age, with the same aim in life and wholly agreed in the great work should soon become attached to each other. Acquaintance soon ripened into sincere friendship and instead of "be-

ing a sister to him" she agreed to share his work and home through life. The engagement was announced in August 1911 and on Washington's birthday the following February they were married.

Personally Mrs. Christian is very winning and pleasant. She is rather sturdy in person with a clear complexion, bright, speaking eyes, an intelligent countenance and a manner which at once wins all who become acquainted with her and it is not at all remarkable that Mr. Christian was soon impressed by her and desired to have her for his own. Hand in hand they are journeying through life engaged in one common purpose happily in the work in which they are occupied and earnest, enthusiastic and ardent in the great cause of the uplifting of the might nation in the midst of which they have cast their lot. Their daily lives are full of work and usefulness. Mr. Christian teaches a number of classes in the college, has charge of the boarding department seeing that everything about the kitchen and dining room is kept clean and properly supplied. He is also treasurer of the college and handles the funds, pays the bills and keeps the accounts and thus has a list of duties which keep him busy the entire day.

Mrs. Christian teaches in the college six periods in the forenoon, and in the afternoon has charge of kindergarten work with forty to fifty little ones to see after and Sundays she plays the organ and has charge of religious services so that her time is constantly occupied. Their home life is beautiful. They have a comfortable house in the college compound and in it the spirit of the master dwells. Both being so wholly occupied with teaching and other duties it is necessary to hire the housework done and for that purpose they have two boys or servants, one as cook and buyer of household supplies and the other man of all work or colic. Everything about the place is kept scrupulously neat and clean and the service is excellent. Least such an arrangement may seem extravagant I will say that the combined wages of these boys amounts to \$5.25 gold a month and they supply their provisions from that not boarding or eating at the home of Mr. Christian or at his expense. They make a trifle in the way of commission on purchases of household supplies but it not much.

They are strictly honest and very economical, permitting nothing to go to waste. Everything about the place is well kept and the home is ideal. The day is begun and ended with prayer and in the morning the bible reading is in Chinese language and the servants participate.

They are blessed with excellent neighbors and live in the compound and all are fine people. We make a great mistake when we picture a missionary as a tall, lank individual with a nasal twang in his conversation and a holy pious drawl in his speech, a man who spends his time under a tree talking to half a dozen savages whose garb is near that of our first parents before the fall. They are bright, intelligent, cheerful, happy, enthusiastic and devoted, full of life and humor, excellent company and all in all persons whom it is a real pleasure to know. They are intensely practical and take sensible views of life. They have to learn good management and they do it and all who contribute to foreign missions may rest assured their money will go where it will do the most good and be used to the best advantage.

Mr. Christian's experience as a nurse has been a great use in many ways. He so distinguished himself during the battle at this place in caring for the wounded that he has been decorated with the third degree by the government and of that I shall speak more at length in my letter to the Journal. In the compound is a hospital as a part of the work and in it patients are treated in great numbers for a nominal sum or free of charge. Here, too, our good missionary pastor is often called on for assistance which is very valuable in administering anesthetics and in other ways so that as a whole he is a remarkably useful man and one of whom we all here may well be proud and it is a source of regret that we are not able to do more for him.

The location of the missionary compound is fine, on a commanding eminence it has surroundings which set it off to great advantage. Near by is a pagoda ten hundred years old and looking decidedly romantic. In plain view in the distance noble hills and mountains rise furnishing a fine view from the windows of the apartments we occupy. Much more money could be used to wonderfully good advantage but the work will have to await till some one supplies it. Meanwhile all are doing their best and eternity alone will tell the value of their noble efforts.

## American Trust Company 710 Chestnut Street, St. Louis, Mo.

Subscriptions received by F. G. Farrell & Co., Jacksonville, Ill.

THE Illinois Steel Bridge Company builds bridges and fabricates steel for structural purposes. It has operated successfully under the able and experienced management of the present officers for a period of twelve years, during which time over 5,000 bridges have been sold to counties, townships and districts. During the first four months of the present year an increase of 40% in orders received is shown over the same period last year.

These notes are secured by a first mortgage on all the assets of the company, both personal and real, now owned or hereafter acquired, comprising real estate, buildings, equipment, raw material, finished product, accounts receivable, bills receivable and cash, representing a total investment of over \$350,000.

The earnings for the past four years, as certified to by certified public accountants, have been \$121,216.14, or an average per annum of \$30,304.03, over six times the interest charge, or sufficient to pay the principal and interest in about three years.

The Title Guaranty Trust Company has examined the title to the real estate and guarantees that the deed of trust securing this issue is a first mortgage on the property without prior liens or encumbrances of any kind.

All legal matters in connection with this issue have been approved by our counsel, Henry W. Allen and Bellatti, Barnes & Bellatti, Jacksonville, Illinois, attorneys for the Company.

### EFFORTS MADE TO SUPPORT STOCKS

#### STRENGTH OF LIQUIDATION IS CHECKED—MARKET RALLIES.

Market Shows Increased Recupera-  
tive Powers and Rallies After Set-  
back at Opening and Sharp Bear  
Drive in Afternoon.

(By Associated Press)

New York, June 5.—The stream  
of liquidation was checked today  
and efforts were made to support the  
stocks which form the backbone of  
the market. The street was still on  
edge as a result of the tension of  
the last few days and there were pe-  
riods of pronounced weakness but  
the market showed increased recu-  
perative powers and rallied briskly  
after a setback at the opening and  
a sharp bear drive in the afternoon.  
Increased pressure in the final deal-  
ings put the list well below yester-  
day's close but loss were considerably  
smaller than on the preceding day.  
The movement was a whole  
was highly irregular and threw little  
light upon the present or prospective  
market conditions. The demand for  
stocks was better although not keen.  
From commission houses it was re-  
ported that low prices had attracted  
a considerable amount of investiga-  
tion buying. It did not appear, how-  
ever, that these purchases were of  
sufficient amounts to become a large  
factor in the course of the market.  
There was some buying of stocks on  
the theory that a rally was due, but  
speculative sentiment was hardly  
less pessimistic than before.

Selling by London in this market  
which has been of large influence in  
the recent slump, continued today.  
About 25,000 shares were disposed  
of here in the early trading for Lon-  
don account and it was chiefly be-  
cause of those offerings that the mar-  
ket began the day with many losses  
of 1 to 2 points. After a sharp  
bound the market grew dull, holding  
firmly on the higher level until a  
spirited bear drive upset the list in  
the early afternoon. Vigorous buy-  
ing served to prop the leaders but  
the tone was unsettled until the  
close. Some stocks were under se-  
vere pressure. This was particularly  
true of the tobacco shares, American  
tobacco losing nearly 12 points on  
top of yesterday's 17 points break.  
Baltimore & Ohio, Chesapeake &  
Ohio, Canning and Smelting pre-  
ferred also were distinctly heavy.

HUNDREDS ATTEND  
LITERBERRY SHOWMANY FINE ANIMALS COMPETE  
FOR PRIZES.Rain Holds Off Until After Last  
Event is Decided — Christian  
Church Ladies Serve Excellent  
Supper.

Hundreds of people from Jacksonville, Virginia and a number of other towns gathered at Literberry Thursday to attend the annual horse show, given by the Literberry Horse Show association, and the twentieth annual supper served by the ladies of the Literberry Christian church.

Until the last two or three years the horse show was an annual event at Literberry but on account of lack of interest the show was not held the past two years. Early this spring the promoters worked up interest in the exhibition and an organization was formed with the election of J. S. Hitchens as president, W. E. Murry as treasurer and M. M. Crum secretary, and the successful show Thursday was the result of their untiring work in interesting the horsemen.

The day was ideal for the event and the street, in which the animals were driven was, with the exception of the dust, in excellent condition. The rain did not begin to fall until after the last event had been held, but the heavy black clouds that showed up in the west about four o'clock caused many who drove in automobiles and other conveyances to start for home.

The events were started promptly at 1 o'clock and there were horses from Jacksonville, Ashland, Virginia, Philadelphia and Arenzville shown. The event that was of special interest to the breeders was the first on the program. Full, twenty-five colts were entered in this event and the first prize was won by Harry Cook's entry, that was sired by R. G. Crum's stallion, Caesar. Competition was strong in the driving class. The judges were John Pate of Jacksonville, R. G. Crum and N. T. Kirby, and their work was made quite difficult on account of the high class entries, but their work proved entirely satisfactory.

During the horse show the Virginia band furnished music, being located on a platform built just north of the railroad station. They also gave a very good program at the church while the supper was being served and received many compliments on their work.

A list of the events and winners follows:

Draft foal—First prize \$2, Harry Cook, second \$1, Austin Beavers. Draft two year old—First \$2, R. G. Crum; second \$1, Al Chatman. Draft mare and foal—First \$2, Harry Cook; second \$1, Robert Beavers.

Four Hundred at Supper. Beginning at 4 o'clock the ladies of the Literberry Christian church served supper in the basement of the church to more than four hundred people, and the rushes that usually attend suppers of this sort where such a large number is served was avoided in quite an effective manner. The tables were arranged in the basement of the church in such a way that about one hundred could be served at a time and the tickets sold were numbered, so that the first hundred securing tickets were served first and the others awaited their turn, according to the number of their tickets.

A chicken supper was served and anticipating a large crowd the ladies had prepared one hundred chickens, twenty-five gallons of dressing and fifteen gallons of gravy, together with a large amount of other good things to eat. A competent corps of waiters served the large crowds in such a manner that none were kept waiting unnecessarily, and all were given as much as they cared to eat.

Mrs. Albert Crum, president of the Ladies Aid society acted as chairman of all of the committees in charge of the supper and she and her assistants proved themselves most efficient in the management of the affair. A list of the committees follows:

Committee on cooking chickens—Mrs. Robert McFarland, Mrs. Charles Gaines and Mrs. Roach.

Committee on cooking potatoes—Mrs. Ada Myers and Mrs. McFarland.

Gravy maker—Mrs. Louis Maul. Maker of dressing—Mrs. A. W. Petefish.

Coffee makers—Mrs. William H. Crum and Mrs. Paul.

Ladies in charge of tables—Mrs. J. W. Martin, Mrs. Elizabeth Litter, Mrs. J. S. Hitchens, Mrs. L. A. Cooper, Mrs. Albert Crum and Mrs. D. O. Gordon. They were assisted by the following corps of waiters:

Miss Lucile Gordon, Miss Annabel Crum, Miss Mae Martin, Miss Edith Hitchens, Miss Cora Rudisill, Miss May Myers, Miss Grace Myers, Miss Gertrude Ray, Miss Ellen Deatherage, Miss Lora Roach, Miss Hazel Gish, Miss Wilma Crum, Mrs. Elmer Henderson, Mrs. Edward Litter, Orville Petefish, Elmer Henderson, J. S. Hitchens, Aaron Petefish and Clyde Martin.

Ushers—Miss Lora Petefish, Edward Shibe and J. W. Martin.

Among those from Jacksonville who attended were: Mr. and Mrs. J. A. Crum, Mr. and Mrs. W. W. Gillham, John Samples, Jerry Cox, Mayberry Walters, John Bishop, Mr. and Mrs. Harrison King, Ellis Henderson, Edward Jenkinson, Dr. and Mrs. C. E. Scott, Miss Mary Black, Miss Helen Wheeler, Mr. and Mrs. E. B. Harmon, Harry Clement, Paul Sheppard, J. H. Osborne, Robert Caldwell, W. H. Fuller, John Pate, J. W. Woods, Lance Waterfield, William Freitag, Joseph Burgett and S. O. Shuff.

A WEATHER STORY AND GOOD GUESS.

June 4, 1868, there was a heavy rain, finishing up a very rainy spring season. The summer following was very hot and dry. As the writer recalls, it did not rain from June 4 until well along in July and then was hot again.

The spring of 1858 was a very wet one, that being the time of the last great overflow of the Illinois, at Naples, previous to this year. That summer was very hot and dry.

The Beardstown Illinois Star of June 2 had the following, and Mr. Gilpin surely hit it this time, judging from the rain Thursday:

"The ground is awfully dry, a rain is badly needed and we will get it on or about June 4th," is the prediction of A. J. Gilpin of Princeton precinct, who is in Beardstown this week, having been summoned as one of the members of the grand jury of the city court. "You see we will have a change of the moon on June 4th and it will rain either 24 hours before the change or 24 hours later."

Mr. Gilpin says this is a sign that only falls often enough to prove the rule and he is therefore confident that the showers will be forthcoming on the schedule dates.

Your neighbor would be pleased to borrow a strictly high grade Traveling Bag, such as are shown by FRANK BYRNS' Hat Store.

STALEY CAPTURED IN OREGON. Springfield, Ill., June 5.—James H. Staley, wanted here for the murder of Matt Monahan on March 18, 1912, was arrested in Roseburg, Ore., and according to a message received from the sheriff there, the prisoner has confessed to the crime and is ready to return to Springfield. The arrest follows a sensational pursuit during which the sheriff's department solicited the aid of similar officials in all parts of the west and Mexico. Staley also shot Hugh Monahan, a brother of the dead man, but he recovered.

### SOCIAL EVENTS.

Mrs. J. W. Moon of 214 Kentucky street gave a dinner Wednesday in honor of her mother, Mrs. Mary Gibson and two of her mother's special friends, Mrs. Sarah Reeve and Mrs. Martha Metcalf, which was somewhat remarkable on account of the ages of the guests. After the meal of good old fashioned cooking had been enjoyed the three ladies spent a pleasant afternoon in the good old days of long ago and departed with the declaration that the event had been one of the most enjoyable in many a day. The combined ages of the guests was 219 years, Mrs. Reeve being 74, Mrs. Metcalf 81 and Mrs. Gibson 83.

Miss Matie Ator entertained a company of friends Thursday evening at her home on West Lafayette avenue in honor of Miss Mattie Adams. The guest list was limited to twelve of Miss Adams' most intimate friends and the early part of the evening was spent in sewing. Later games were played and in the guessing contest the prize was awarded to Miss Anna Long. The home was very prettily decorated for the occasion in a color scheme of pink and white, garden roses and peonies being used, and at the close of a very delightful evening, refreshments were served.

Mr. and Mrs. C. S. Hillerby entertained the salesforce of the Hillerby store at dinner at their very hospitable home, 235 Webster avenue, Thursday evening. An excellent five course menu was served and a very pleasant time was spent. Those present were: Miss Linnie Blevins, Miss Anna Coffee, Mrs. Mary Grassby, Miss Lena Carpenter, Miss Nellie Roach, N. A. Branom, Wallace Brockman, Miss Alma Groves and Ralph Douglas. Music had an important place in the entertainment of the evening.

One of the most delightful social events of the early summer season was the reception given Thursday afternoon at the home of Mrs. Frank Orear, 1244 West College avenue, by Mrs. Orear and Miss Kate Haggerty, in honor of Mrs. George Orear. All the appointments were charmingly made and the guest list included over two hundred and fifty, several being present from out of the city.

The house was beautifully decorated for the occasion. Red roses were artistically arranged in the front room and music room; in the library pink roses were used; in the hall, blue. Carnations with a light touch of pink made a pleasing effect in the dining room, where the golden candle sticks were used. The veranda was also transformed into a floral bower.

The hostesses were assisted in entertaining by Mrs. William Barr Brown, Sr., Mrs. William Barr Brown, Jr., Mrs. Fred Rowe, Mrs. Helen Jordan, Miss Edith Jordan,

Miss Lillian Davis, Mrs. Fred Begg, Miss Susan Brown, Mrs. C. C. Phelps, Mrs. John Robertson, Mrs. John Sharp, Miss Martha Hayden.

Elaborate refreshments were served by Vickery & Merrigan with Mrs. Vickery directing.

Among the out of town guests were Mrs. Loraine Spellman, Kansas City; Mrs. William Corrington, Mrs. Coleman, Springfield; Mrs. Schermerhorn, Chicago; Mrs. Lloyd Brown, Mrs. Clinton Corrington, Mrs. Ben Brown, New Berlin; Mrs. Finley Brown, Citronelle, Ala.; Mrs. Abner Upham, Des Moines, Ia.; Miss Ina Harber, Bloomington; Miss Dunlap, Moberly, Mo.

The Senior Philathea class of the First Baptist church recently enjoyed a picnic at Nichols park. The event was given specially in honor of Misses Dawson and Hettick, who are soon to leave Jacksonville, and several hours were very happily spent. Mrs. George Hocking is the teacher of the class.

A novelty rush and sewing was given Thursday afternoon by Mrs. Arthur Vannier and Mrs. Homer Potter at the home of the former, 506 Jordan street, in honor of Miss Eloise Smith. The invitations issued were most unique, consisting of hand painted pink and white roses in fan shape. The house was decorated in pink roses and the hours were from 3 till 5. In the novelty guessing contest first prize was won by Mrs. Charles Harney. Several musical numbers also added pleasure to the evening, given by Miss Ruth Widenham and Mrs. Harry Woods. Miss Smith received a number of pretty presents. They were displayed in a miniature house, which had been artistically built. During the afternoon palatable refreshments were served.

A number of young ladies belonging to the Sunday school class of Miss Nell Rimbey of Murrayville drove to Nichols park Thursday afternoon in a hay wagon. The parties reached the park just before the heavy rain. They brought along lunch and had a splendid time. The girls included Misses Nell Rimbey, Dorothy Tendick, May Richards, Susan Jones, Sarah Jones, Mildred Jones, Alma Millon and Mabel Jones.

A guaranteed watch given free with each boy's suit purchased of Garland & Co.

### KILLS THREE:

**WOUNDS OFFICER**  
Canton, June 5.—Enraged because his wife had left him, Robert Roach, 27, shot and killed his mother-in-law, sister-in-law and sixteen months old baby and when a policeman attempted to arrest him seriously wounded him.

After the shooting Roach took refuge in an upstairs room and attempted to asphyxiate himself. He was captured, revived and confessed the shooting.

### MANY KILLED IN BATTLE NEAR CANDELA, MEXICO

One Hundred Rebels and Twenty  
Federal Reported Slain in Clash.

Laredo, Texas, June 5.—According to a courier who arrived here today from Monterey, one hundred rebels and twenty federals were killed in a battle between the army of General Telles and revolutionist under Jesus Carranza at Candela, Mexico, Tuesday. A large number on both sides were wounded.

According to the courier the revolutionists were routed and fled in disorder pursued by government troops. Candela is about fifteen miles northwest of Monterey in the state of Coahuila and near Montecito, said to be a rebel stronghold. Four frame buildings at Colombia, Mexico, owned by Sheriff Sanchez of Webb county Texas, were burned by rebels today.

**Capture of Rebel Leader Reported.**  
Mexico City, June 5.—A report was current here tonight that General Orozco has captured Venustiano Carranza, the rebel leader, but that he is now besieged by a large force of rebels intent upon the recovery of their chief. The war department, however, does not confirm this report.

### MATRIMONIAL

**Brogdon-Stacy.**  
William Brogdon and Miss Minnie Stacy were married at the Court House, Wednesday by Judge Brockhouse. The bride is a daughter of Mr. and Mrs. Robert Stacy who reside northeast of Arnold and the groom is a son of Mr. and Mrs. William Brogdon. He is a farmer by occupation and for the present they will reside with his parents.

**Watkins-Morgan.**  
Wilbur L. Watkins, a prominent resident and school teacher of Ashland and Miss Alice Marie Morgan of Pleasant Plains were married at 3 o'clock Thursday afternoon at the home of the bride's parents, Rev. Mr. Morgan of the Pleasant Plains Christian church, and father of the bride, officiating. They will make their home in Ashland.

If you are looking for a better suit for \$15.00 see Garland & Co. Co.

### FAVORITE LODGE ELECTS.

At the regular meeting Thursday evening the members of Favorite lodge No. 376, Knights of Pythias held their semi-annual election of officers, which resulted in the choice of the following:

C. C.—J. O. Monroe.  
V. C.—N. A. Branom.  
Prelate—Gilbert Masters.  
M. of F. J. E. Scott.  
M. at A.—Charles Godfrey.  
I. G.—E. A. Olds.  
O. G.—Frank Rataichak.

### BADLY INJURED IN RUNAWAY.

Richard Towers of 540 South Fayette street was badly injured in a runaway at the corner of Church and Anna streets. He was driving in a one horse wagon in company with Fred Eckhoff and Mr. Eckhoff's two children, when the horse became frightened and ran away. Mr. Towers was thrown out, sustaining a broken left arm and several cuts about the head. He was taken to his home and Dr. King was called and gave the necessary attention.

### ADDRESSES BROTHERHOODS.

Rev. Walter E. Spooner went to Petersburg last night where he addressed a union meeting of the Brotherhood of that city. Next week he will address the District Endeavor society at Winchester and also the Sunday school union meeting, which will be held July 1 at Manchester.

Richard Moody, W. F. Council, Fred Gregory and Herman Weber are spending a few days fishing at Bath.

### MUST REFRAIN FROM

**USE OF TOBACCO**  
Warsaw, Ind., June 5.—The annual conference of the Dunkards in session here today decided that members of the church must refrain from use of tobacco in any form. A resolution to this effect was adopted. A proposed change in the mode of dress for men and women of the sect was defeated and a movement to place county fairs on the forbidden list did not carry.

Summer is upon us. Order your suit now at the Jacksonville Tailoring Co.

### LOCAL ATHLETES TO ENTER INTERSCHOLASTIC MEET

Peter Prins, Frank Morrison and John Cannon Will Compete in Big Gathering in Chicago.

Over 400 entries have been made for the twelfth annual interscholastic track and field meet which will be held in Chicago Saturday. Among the entries from Jacksonville are Peter Prins and Frank Morrison of Whipple Academy and John Cannon of the high school. Over 100 schools will be represented and athletes will come from all parts of the United States. To win a first event in this meet will mean a great deal and some of the best men in the preparatory schools have entered.

Prins has entered for the shot put, discus and hammer throw. The other night in practice he threw the hammer 136 feet 10 inches and hurled the discus 115 feet 9 inches, which is two feet better than the record he made in the big college meet in Peoria, where he won first place. He put the shot 45 feet 9 inches.

Morrison will strive for the running high jump. At the meeting in Griggsville, Morrison cleared the bar at 6 feet 7 3-4 inches, a height that he has not been able to attain since.

Cannon of the high school has been practicing hard and it is understood that he has cleared a height of 12 feet. If he maintains that record in Chicago he ought to take off the honors. That height was not reached at the recent meet in Champaign, when Cannon tied with the winner at about 11 feet 3 inches.

You no doubt expect to take a first-class Traveling Bag with you. You will be pleased with those shown by FRANK BYRNS' Hat Store.

### WILL RECEIVE BIDS.

The city of Jacksonville, Illinois, will receive bids until noon June 15th, 1913, for the purchase and installation of a pumping engine, at their pumping station in the city of Jacksonville. Bids to be made on pumping engine of two million gallons (2,000,000) and five million gallons (5,000,000) capacity in 24 hours, the city reserves the right to accept the pumping engine of either capacity, also to reject any or all bids.

J. F. Brennan,  
Commissioner Public Property.

Auto coats and linen auto caps with goggles attachment on sale at Herman's.

### RESPONDED TO CALL.

The fire department responded to a call Tuesday evening at 7 o'clock to the residence of W. Pinner on South East street. A gas jet blew off and it was thought the house would catch on fire. Mr. Pinner hastened to the basement and shut the gas off and no damage resulted.
